Single supplier - intellectual property or exclusive rights

Beal Developments Limited own the land comprising the development site and it has agreed to transfer this right to Thirteen, but only on the condition that it carries out the proposed development. The land is not offered for sale without this condition and a development at this location cannot be acquired from any other person.

Thirteen therefore considers that Beal Developments Limited has an exclusive right to carry out the works required to complete the development and intends to grant a contract to Beal Developments Limited on this basis. Thirteen considers that no similar development, with planning permission and ready for construction, can be acquired in the locality as a reasonable alternative.
