II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Repair services & maintenance of the EJ200 Typhoon engines

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: Yes

Description of options

1 option year

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure without publication of a contract notice

- The products involved are manufactured purely for the purpose of research, experiment, study or development
- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The Typhoon Delivery Team, part of the UK MOD, intends to award a 6 year contract to Rolls-Royce plc, with an estimated value of £500m over the 6 years, for the provision of in-service support services in respect of the EJ200 engine, which is fitted to the Typhoon

aircraft. The intention is to place the contract for the period from 1st January 2024 to 31st December 2029.

In accordance with Regulation 4 of The Defence and Security Public Contracts (Amendment) (EU Exit) Regulations 2019 (SI 2019/697) this procurement falls to be regulated under the provisions of the Defence and Security Public Contracts Regulations 2011 as amended (in particular by SI 2019/697 and SI 2020/1450). Prior publication of a contract notice in the Official Journal of the European Union is no longer appropriate. It is considered that the award of this contract without prior publication of a Contract Notice in the UK e-notification service (as required by the relevant legislation) is lawful in accordance with Regulation 16(1)(a)(ii) of the Defence and Security Public Contracts Regulations 2011 for technical reasons. This is because the EJ200 engine was developed under NETMA contracts placed under the Eurojet consortium agreement, as part of the Eurofighter programme, under which Rolls-Royce plc is the UK lead manufacturer for the EJ200 engine and the supplier designated to perform support services in respect of the EJ200 engine in the UK. In addition, Rolls-Royce plc is the only economic operator with the specialist know-how, equipment and tooling necessary to perform the services in the UK and the only economic operator with the infrastructure, testing capabilities and airworthiness certification to ensure the continued airworthiness of the EJ200 engine.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract/concession

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract

26 May 2023

V.2.2) Information about tenders

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor/concessionaire

Rolls-Royce PLC

Bristol

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

V.2.4) Information on value of contract/lot/concession (excluding VAT)

Initial estimated total value of the contract/lot/concession: £500,000,000

Total value of the contract/lot/concession: £500,000,000

V.2.5) Information about subcontracting

The contract/lot/concession is likely to be subcontracted

Section VI. Complementary information
