I.6) Main activity

Production, transport and distribution of gas and heat

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Contract for the provision of Leakage Repair Sealants

II.1.2) Main CPV code

- 24958000 - Chemical products for the oil and gas industry

II.1.3) Type of contract

Supplies

II.1.4) Short description

Northern Gas Networks currently have an existing contract with 5 suppliers to provide leakage repair sealants to assist in its operational requirements. Following expiry of the existing framework agreement on 30/06/2021, a single source contract extension is now required. The current specifications for these products (GIS/LC1:2018) is currently under review with BSI (British Standards Institute), the revised document is due to be published later on this year. As a result, NGN would like to extend the existing contract for a further 12 months to ensure compliance with the new standards and until a tender event can be conducted with the correct standards. NGN will conduct a full tender event during the course of this extension provision and once the standards have been approved, in order to be compliant with NGN's procurement policy and the UCR 2016.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKC - North East (England)
- UKD1 - Cumbria
- UKE - Yorkshire and the Humber
- UKF3 - Lincolnshire

Main site or place of performance

Throughout the North East of the UK - Cumbria through to Harrogate/Leeds

II.2.4) Description of the procurement
