Reference number

DN613339

II.1.2) Main CPV code

- 85300000 - Social work and related services

II.1.3) Type of contract

Services

II.1.4) Short description

Bristol City Council and its partner organisations are looking for providers who wish to contribute their knowledge and expertise in relation to Intensive Positive Behavioural Support. We will be running a roundtable event to gain information allowing us to make informed decisions regarding the service specification for our pilot project.

This pilot project which we are calling `Flourishing lives` has been designed and developed in partnership between Bristol City Council, South Gloucestershire Council, North Somerset Council, Avon & Wiltshire Partnership Trust, and BNSSG Clinical Commissioning Group, with Bristol City Council identified as the lead coordinating partner.

The aim of the Flourishing lives pilot is to co-produce an effective long-term approach to Positive Behavioural Support and improved person-centred support models across BNSSG with citizens, their networks, health care providers and support providers.

IPBS is a person centred, evidence-based framework for supporting people with learning disabilities (PWLD) and autism. The overall aim of Positive Behaviour Support (PBS) is to improve the quality of a person's life and that of the people around them. PBS provides the right support for a person, their family and friends to help people lead a meaningful life and learn new skills without unnecessary restrictions.

We will be holding the following provider engagement session:

Thursday 30th June 2022 12:30 – 14:00

If you wish to take part, please register on our Eventbrite page ->
