VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Value uplift to contract. This will allow the

Supplier to continue delivery and support key agile delivery work streams within the Apprenticeship Service.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Agile Delivery for Apprenticeship Service is high-priority for DfE and its end users. Interchangeability and interoperability would incur significant costs and time delays

The modification is for a value uplift. Scope remains the same. Changing supplier(s) and procurement activity would incur significant costs and delays to critical services and would carry additional risk to current service delivery timescales. The development of the deliverables and management of the live service is an iterative, agile process. DfE require sufficient handover and transition so as to not impact delivery and disrupt business continuity.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £9,500,000

Total contract value after the modifications

Value excluding VAT: £14,250,000
