I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Fusion Research

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

UKAEA SPEP Work Package 5A - New 33/11kV transformer.

Reference number

T/LB056/23 - SPEP WP5A

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

The Supplier shall be responsible for the design, manufacture, engineering, delivery of a 30MVA 33/11kV infeed transformer with an on-load tap changer including technical interface with the cable manufacturer and the principal contractor to be appointed by the Purchaser to achieve proper connection interfaces and provide all necessary documentation throughout these processes. This specification establishes requirements for the design, manufacture, engineering, delivery, inspection and testing as well as documentation for the 33/11kV infeed

transformer to be installed in the new Culham East 33/11kV substation.

The Supplier shall provide technical support in respect of installation, operation, and maintenance of the 33/11kV infeed transformer after delivery.

II.1.5) Estimated total value

Value excluding VAT: £450,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting

II.2.3) Place of performance

NUTS codes

- UKJ14 - Oxfordshire

Main site or place of performance

Culham Science Centre

II.2.4) Description of the procurement

The Supplier shall be responsible for the design, manufacture, engineering, delivery of a 30MVA 33/11kV infeed transformer with an on-load tap changer including technical interface with the cable manufacturer and the principal contractor to be appointed by the Purchaser to achieve proper connection interfaces and provide all necessary documentation throughout these processes.

This specification establishes requirements for the design, manufacture, engineering, delivery, inspection and testing as well as documentation for the 33/11kV infeed transformer to be installed in the new Culham East 33/11kV substation.

The Supplier shall provide technical support in respect of installation, operation, and maintenance of the 33/11kV infeed transformer after delivery.

II.3) Estimated date of publication of contract notice

18 July 2023

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
