### Competitive flexible procedure description

This procurement is being conducted by Echelon Consultancy on behalf of Livin Housing Ltd, using a Competitive Flexible Procedure as set out under the Procurement Act 2023. The procedure is designed to provide flexibility while ensuring transparency, fairness, and value for money. The process comprises four stages: 1 - Conditions of Participation Stage (CoPS) Bidders will first be assessed against objective and proportionate conditions of participation in line with Section 21 of the Act. This includes assessment of exclusion grounds, financial standing, technical ability, and other suitability criteria. Only bidders who meet the required standards will proceed to the next stage. This stage of the tender is open to all who express an interest. 2 - Initial Solution Stage (ISS) Bidders passing the CoPS will be invited to submit initial proposals outlining their approach to meeting Livin Housing Ltd's requirements. This stage enables early engagement and helps shape the development of the final specification. Submissions will be evaluated and a shortlist of bidders will be selected for dialogue. It is envisaged that 6 Bidders will be invited to this stage. Livin Housing Ltd reserves the right to invite more. 3 - Dialogue Phase Shortlisted bidders will engage in a structured Dialogue Phase with Echelon Consultancy on behalf of Livin Housing Ltd. Dialogue will conclude once Livin Housing Ltd is satisfied that requirements are fully defined and capable of being met. It is envisaged that 3 Bidders are invited to Dialogue, however Livin Housing reserves the right to invite more. 4 - Final Tender Submission (FTS) Final tenders will then be invited from bidders remaining in the process. Submissions will be evaluated against the published award criteria, with the contract awarded to the Most Advantageous Tender, as defined under the Procurement Act 2023. It is envisaged the 3 Bidders will be invited to the FTS stage of this procurement. Livin Housing reserves the right to invite more.
