Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Wireless Management Services for the University Wireless Network

Reference number

MMU1291

II.1.2) Main CPV code

• 72400000 - Internet services

II.1.3) Type of contract

Services

II.1.4) Short description

The University is looking to identify a partner to wholly manage the production WLAN within the University campus, this is to include break fix and maintenance of the WLAN infrastructure, applications, and hardware. The primary aim is to restore normal service operation as quickly as possible to minimise the adverse impact on business operations, ensuring that the best possible levels of service quality and availability are maintained. The University's expectation is the that the successful bidder will provide a service which allows limited involvement from the University in regard to break fix. The successful bidder will need to maintain all agreed core wireless network infrastructure and services including (but not limited too):1) Cisco networking switches2) Cisco wireless access points3) Cisco DNA appliances4) Cisco wireless LAN controllers5) Cisco ISE controllers

II.1.5) Estimated total value

Value excluding VAT: £1,500,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 72400000 Internet services
- 72411000 Internet service providers ISP

II.2.3) Place of performance

NUTS codes

UKD33 - Manchester

II.2.4) Description of the procurement

The University is looking to identify a partner to wholly manage the production WLAN within the University campus, this is to include break fix and maintenance of the WLAN infrastructure, applications, and hardware. The primary aim is to restore normal service operation as quickly as possible to minimise the adverse impact on business operations, ensuring that the best possible levels of service quality and availability are maintained. The University's expectation is the that the successful bidder will provide a service which allows limited involvement from the University in regard to break fix. The successful bidder will need to maintain all agreed core wireless network infrastructure and services including (but not limited too):1) Cisco networking switches2) Cisco wireless access points3) Cisco DNA appliances4) Cisco wireless LAN controllers5) Cisco ISE controllers

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £800,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

72

This contract is subject to renewal

No
