The Commissioner is seeking the provision of integrated primary care services, which align to both the national and local strategic plan including, but not limited to:

- Develop new ways to improve access and service delivery for our diverse population (where relevant, learning from the pandemic to embed innovative ways to deliver services that meet patient needs);
- Improve and embed the ethos of integration and collaborative working with local health and social care providers, including 'Primary Care Networks';
- Embed a culture of co-design with patients in the development of integrated primary care services ensuring the patient has more control over their own health and the care they receive.
- Understand and adopt a population health management approach to tackling health inequalities;
- Enable a service model that increases equity of both access and outcomes for our different sections of the practice population;
- Promote physical and psychological well-being and self- care in a holistic model;
- The provider must support the 'digital first' approach and use clinically safe, NHS approved digital technology to improve access, increase equity of outcome, increase patient choice, and improve quality of care
- The provider must provide a GP Led service with appropriate clinical oversight to support the multi- disciplinary practice team;

- The provider must provide and support all staff holistically, ensuring personal and professional development, promote confidence and greater staff satisfaction.

The procurement is being run via the ProContract (Proactis) e-system where all procurement documents are available for download. Providers who do not have an account can register at the link here, <https://procontract.due-north.com/Register>
