Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Residual Waste Treatment, Recyclate processing, & Food Waste Treatment Services

Reference number

DN667854

II.1.2) Main CPV code

- 90500000 - Refuse and waste related services

II.1.3) Type of contract

Services

II.1.4) Short description

Warrington Borough Council is a unitary local authority that provides waste collection and disposal services to some 90,500 households accommodating a population of around 211,000. The Council provides a range of household waste collection services including residual, dry recycling, and garden waste collections. Additional waste streams handled by the Council include bulky wastes and street cleansing wastes.

The Environment Act (2021) may require the Council to alter and augment its current household waste services, through the introduction of a source separated food waste collection, and separately, through the streaming of the current comingled dry mixed recycling service.

The Council are looking to enter into contract(s) for the provision of waste treatment and recycling services for the waste streams that are currently collected by the Council as well as future waste streams that the Council may collect following the Environment Act reforms. These waste services are being procured in three Lots which include:

Lot 1 – Residual Waste Treatment;

Lot 2 – Recyclate Processing; and,

Lot 3 – Food Waste Treatment

The scope of the service required in each Lot includes the provision of a reception point

for Council vehicles to make deliveries of waste, treatment recycling and/or disposal of material, all transport of waste and resulting fractions, and the marketing and management of all process outputs (e.g. products and residues) from the treatment process. The scope of each lot also includes managing the service, collecting and reporting service information, reducing carbon emissions associated with managing the Councils waste, and providing social value within the Warrington administrative area.

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Residual Waste Treatment

Lot No

1

II.2.2) Additional CPV code(s)

- 90500000 - Refuse and waste related services

II.2.3) Place of performance

NUTS codes

- UKD61 - Warrington

II.2.4) Description of the procurement

Lot 1 - Residual Waste Treatment

Warrington Borough Council collects and arranges for the disposal of approximately 43,000 tonnes per annum of municipal residual wastes.

The residual wastes managed by the Council includes residual wastes collected from households in the administrative area, residual waste from commercial premises, residual waste from household waste recycling centres, street cleansing wastes, gully cleaning wastes, household bulky wastes, and ad-hoc wastes.

Lot 1 (Residual Waste Treatment) seeks to appoint a service provider who can receive

residual wastes and treat and/or dispose of the residual waste. A small portion of the residual waste will be collected by the Contractor from a Council depot.

The service provider appointed to Lot 1 will also be required to provide a solution for residual waste following the introduction of a household food waste recycling service. The introduction of this service is expected to reduce the food waste content of the residual waste stream. A change mechanism for this aspect of the service is included within the Lot 1 contract.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

288

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged minimum number: 3

Maximum number: 5

II.2.10) Information about variants

Variants will be accepted: Yes

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Lot No

2

II.2.2) Additional CPV code(s)

- 90500000 - Refuse and waste related services

II.2.3) Place of performance

NUTS codes

- UKD61 - Warrington

II.2.4) Description of the procurement

Lot 2 – Dry Mixed Recyclable (DMR) Processing

Warrington Borough Council collects and arranges for the processing and recycling of approximately 20,000 tonnes per annum of dry mixed recyclables from household recycling collections.

The DMR stream collected by Warrington Borough Council includes paper, card, glass, plastic, metals and composite packaging materials.

Lot 2 (DMR Processing) seeks to appoint a service provider who can receive and process the Council's DMR and arrange for and manage downstream recycling of DMR fractions.

The service provider appointed to Lot 2 will also be required to work with the Council to respond to any changes in DMR collection approach that result from the Environment Act 2021 coming into force. This may include receipt, processing and recycling of partially, or fully separated streams of DMR materials.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

288

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: Yes

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Lot No

3

II.2.2) Additional CPV code(s)

- 90500000 - Refuse and waste related services

II.2.3) Place of performance

NUTS codes

- UKD61 - Warrington

II.2.4) Description of the procurement

Lot 3 – Food Waste Treatment.

As a result of the Environment Act 2021 coming into force, Warrington Borough Council may need to introduce a source separated weekly food waste collection to households within the administrative area.

Initial work undertaken by the Council estimates that a new food waste recycling service will collect between 6,000 and 9,000 tonnes per annum, with the range dependent on a number of technical factors.

Lot 3 (Food Waste Treatment) seeks to appoint a service provider who can receive, treat

and recycle food waste that the Council may collect following the implementation of the Environment Act 2021 requirement.

It should be noted that whilst the Council is looking to put a contract into place, the provision of the services shall not commence until such time that a household food waste recycling service is introduced by the Council.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

288

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: Yes

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Competitive dialogue

IV.1.4) Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

21 July 2023

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.4) Procedures for review

VI.4.1) Review body

Warrington Borough Council

Warrington
