Scope

Description

The Ministry of Defence (MoD) is exploring solutions to improve the end-to-end process to onboard, deploy, update/patch, and offboard software suppliers and their applications. Key objectives include:

- Reducing manual effort in assurance and operational processes.
- Strengthening default security controls.
- Enhancing multi-tenant separation.
- Increasing repeatability and speed of delivery.

We are particularly interested in solutions that integrate seamlessly into broader environments, with a focus on inputs/outputs, interfaces, standards, evidence generation, and operational workflows.
