I.2) Information about joint procurement

The contract involves joint procurement

I.3) Communication

Access to the procurement documents is restricted. Further information can be obtained

at

www.publiccontractsscotland.gov.uk

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted electronically via

www.publiccontractsscotland.gov.uk

Electronic communication requires the use of tools and devices that are not generally available. Unrestricted and full direct access to these tools and devices is possible, free of charge, at

www.publiccontractsscotland.gov.uk

I.4) Type of the contracting authority

Other type

Registered Social Landlord

I.5) Main activity

Housing and community amenities

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

4 year Framework Agreement for the provision of Quantity Surveying services for new build housing

II.1.2) Main CPV code

- 71324000 - Quantity surveying services

II.1.3) Type of contract

Services

II.1.4) Short description

Link is seeking to enter into a four-year Framework Agreement with a maximum of eight suitably qualified Quantity Surveying Practices for the provision of Quantity Surveying, Employer's Agent & Client Representative services.

Successful Practices should be RICS registered (or their equivalent organisations within the country the Applicant is registered).

Link works in partnership with a number of subsidiary companies who will also be entitled to purchase services from the Framework

Agreement. The subsidiaries of Link Group Ltd currently include, C~urb 6 Ltd, Link Living, Horizon Housing

Association Ltd, Larkfield Housing Association Ltd and West Highland Housing Association Ltd. Although it is possible that other

organisations may join the Group, becoming subsidiary companies, during the term of the Framework Agreement, and may also wish to

"call off" from the Framework.

Link also works in partnership with several external organisations, refer to Section 1.1 of the Contract Notice for further details, who will

also be entitled to purchase services from the Framework Agreement. In addition, it is

intended that any Registered Social Landlord

registered and operating in Scotland will also be entitled to purchase services from the Framework subject to Link's prior agreement.

There is no guarantee of any work. It is however, more than likely that individual commissions will be "called off" either by direct selection

or by mini tendering, within the terms of the Framework Agreement, to identify the most economically advantageous tender.

The Framework will mainly cover the provision of Quantity Surveying, Employer's Agent and Client Representative services for new build

housing, rehabilitation of existing properties, extensions, office and commercial property and adaptations. The Framework may also

include a limited number of planned maintenance projects.

The projects will range in size, tenure and type from mainstream housing to a variety of particular needs projects. The tenure type will

cover all affordable tenures, private rented and market sale. Applicants should have experience of projects within the social housing sector

for projects between 5 and 500 units including flats, houses and retirement living projects with a mix of tenures.

The location of projects will vary but in the main will be located in the Central Belt of Scotland, Argyll & Bute and Highland, however

individual projects may be located in any part of Scotland. The total number of units in each of the geographical areas may vary and

specific numbers cannot be guaranteed in any area or in total.

Although individual projects cannot be guaranteed, Link will expect the successful Quantity Surveying Practices to deliver a high quality

and value for money service

II.1.5) Estimated total value
