#### **II.1.2) Main CPV code**

- 80000000 - Education and training services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

From the 2019/20 academic year, the WMCA will take responsibility for the region's Adult Education Budget (AEB) and how it is delivered supporting eligible adult learners. The AEB is a key enabler of inclusive growth through the improvement of the qualification levels and skills of our adult residents. Our focus with the AEB is to address key issues including tackling unemployment amongst young people and creating more grass-roots provision to better engage hard to reach communities. We also want to ensure that AEB provision can be targeted to address the needs of key target groups such as care leavers and those over the age of 50. Finally, there are challenges for those residents in work and in low pay who struggle to re-train to access opportunities in our priority sectors including automotive/advanced manufacturing, business and professional services, construction and digital that we will use AEB to support. This service relates to the provision of adult education training services.

## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- New works/services, constituting a repetition of existing works/services

Explanation:

The impact of the pandemic has been unprecedented and widespread across our residents communities, and businesses and we are currently experiencing a challenging economic picture. Employment is flat, while falling unemployment masks a continuing decline in the size of the labour force as economic inactivity rises. While short-term unemployment is at its lowest ever, long-term unemployment is significantly higher than pre-pandemic levels. Record vacancies signal that employers are finding it increasingly hard to fill posts. And while pay is increasing, soaring inflation means that it is declining in real terms. Taken together, this creates a toxic mix for living standards that will not resolve itself. The provision of training has a key role to play in moving people back into the labour force; improving workplace support; and helping people find good, well-paid employment and progress at work.

We want to align our skills funding to be able to deliver maximum impact so we intend to procure provision collectively - meaning we are aiming to run a single procurement opportunity for Adult Education Budget, National Skills Fund and Multiply.

The estimated length of time expected to be able to create the new offering is anticipated to be in the region of 6 to 12 months. We are therefore intending to let the contract for an initial period of 6 months with the option to extend for a further 6 month period.

To ensure service continuity, the West Midlands Combined Authority has taken the decision to award the contract to their current providers (please see list above), under Regulation 32 of the Procurement Regulations 2015 as the Services consist of a repetition of similar services entrusted to the current providers which are the same as or similar to the Services awarded under their original contracts.

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
