II.1.4) Short description

This framework agreement for Tray Wrap and Sterilisation Products is divided into four (4) lots. Bidders may submit tenders for a single lot, a combination of the four (4) lots or all lots available. Tray Wrap and Sterilisation Products are used for ensuring theatre instrument trays are sterilised effectively and transported to the relevant theatres with the sterile field remaining intact. We require a range of products that enable hospital sterile service departments to run the services for their clinical departments. The range of wraps and the associated products will include, for example, pouches and the different indicator tapes and testing kits to ensure the functionality of the sterilisation processes themselves. The scope includes a full range of wraps, in a variety of materials, a full range of pouches, tray liners and the different indicator tapes and testing kits to ensure the functionality of the sterilisation processes themselves.

This contract will be let for an initial 2 year term, with optional extensions to not exceed 4 years in total.
