II.1.4) Short description

UK Research and Innovation (UKRI) brings together seven Research Councils, Innovate UK, and Research England.

UKRI is seeking to procure an Environmental Management Software Solution to provide Carbon Accounting, Future Emissions Forecasting, and Supporting Technical Services

The estimated total value for up to 5-year (3+1+1) contract is £500,000.00 excluding VAT.

We are conducting market research with our Shared Services provider, UK SBS, to get feedback on our specification, understand available technological options, trials/sandbox options, and pricing mechanisms. The likely route to market will be an open tender.

We will be holding a supplier engagement day online via Zoom conferencing on Monday 10th July between 2pm - 3pm GMT, if more than one session is required due to the number of suppliers enrolled, additional session will be arranged and details will follow.
