Description

Leicester City Council's Housing Division require a mature scheduling solution to effectively appoint and automatically and dynamically schedule repair visits for around 250 repairs operatives, although there should be scope to increase this by up to an extra 50 operatives if the service area expands. Up to 20 works planners may use the solution to appoint / re-appoint and manually schedule any repair visits that cannot be handled by the automatic scheduler (e.g. due to a lack of resource).

There are two additional options the Council may wish to include :

Voids Scheduling and Mobile Working

Inventory Management System

These are defined within the tender document and will be at the sole discretion of the Council as to whether these will be commissioned.

The total value includes the take up of both options.
