About the ECITB

The Engineering Construction Industry Training Board (ECITB) is the employer-led skills, standards and qualifications body for the development of the engineering construction workforce of Great Britain. An arms-length body of the UK Government, the ECITB reports to the Department for Education. Our vision is a trailblazing Engineering Construction Industry where critical infrastructure, energy security and net zero ambitions are achieved.

The ECITB works with employers and training providers to attract, develop and qualify the engineering construction workforce in a wide range of craft, technical and professional disciplines. We invest about £28 million each year to support skills development within the industry.

Thank you for your interest in this opportunity.
