I.5) Main activity

Other activity

Site Access Security

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Site Access Management System

II.1.2) Main CPV code

- 35121000 - Security equipment

II.1.3) Type of contract

Supplies

II.1.4) Short description

Site Access Management System (SAMS) is a key component that enables HoE Teams to deliver a secure environment and provides an assured level of security within the area of access management. As this is central to MOD site security, CPNI accreditation is vital and any supplier must be willing to agree to MOD JSP 604 and 404.

Any future SAMS suppliers must be able to provide hardware and software to enable security officers at each of the 4 x LSOC sites effectively carry out site access protocols, as well as provide technical support for each of the hardware and software.

Requirement:

The Contractor will be required to provide a Site Access Management System.

A computer-based control of access system, stand-alone or locally networked. Which incorporates a personnel digital image capture, database and a pass production system. Offering a Technical solution for control of access security, making better use of limited guarding/security resources and database/photographic capture functions.

The Contractors systems must include the provision of:

- a. Hardware (incl. Stand Alone PC with peripherals, Screen, PVC Pass Printer, Pass Report Printer and Desk Camera).
- b. Software Programme offering the ability to create a standard size ID Card from a durable material such as plastic or PVC, enabling the operator to produce differing types of passes (Camera Pass, Car Pass, ID Pass).
- c. The system should have the capability to back-up and restore data with the option to import/export data to CD/DVD.

II.1.5) Estimated total value

Value excluding VAT: £250,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 35123000 - Site-identification equipment
- 35125000 - Surveillance system

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

Ashchurch

Bicester

Donnington

West Moors

II.2.4) Description of the procurement

The Contractors systems must include the provision of:

- a. Hardware (incl. Stand Alone PC with peripherals, Screen, PVC Pass Printer, Pass Report Printer and Desk Camera).
- b. Software Programme offering the ability to create a standard size ID Card from a durable material such as plastic or PVC, enabling the operator to produce differing types of passes (Camera Pass, Car Pass, ID Pass).
- c. The system should have the capability to back-up and restore data with the option to import/export data to CD/DVD.

II.3) Estimated date of publication of contract notice

27 August 2021

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
