Total value (estimated)

- £108,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 20 April 2026 to 19 April 2027
- Possible extension to 19 April 2029
- 3 years

Description of possible extension:

There are two options to extend for 1 year each.

A contract extension or variation may also be required in the event of a significant and unforeseen change in the volume of timetable changes that must be produced or posted. This may arise where external factors - such as legislative or regulatory changes, region wide service revisions mandated by relevant transport authorities, or other circumstances outside of TVCA's control - result in a substantial increase in the number of bus timetables requiring updating and installation within compressed timeframes. Such circumstances would materially alter the volume of work beyond what could reasonably have been anticipated at award stage.
