As part of the recovery from the COVID pandemic, the NHS and other public sector organisations have a requirement to supplement, support and expand their own in-house capacity through use of insourced service provision. This framework shall provide access to a wide range of insourced service solutions in support of delivery of compliant and high quality patient focused healthcare. This shall include provision of a wide range of clinical and medically related insourcing services, including but not limited to; Diagnostics, Diagnostic Imaging, Cardiology, Endoscopy, ENT, General Surgery, Gynaecology, Ophthalmology, Orthopaedics, Physiotherapy, Urology, Dermatology and all other specialities and functions. A wide variety of specialisms and services in support of the provision of healthcare may be commissioned under this framework agreement, in order to provide a flexible and comprehensive solution to Participating Authorities.
