Ability to deliver the requirements of the bulk deferred annuity	Stage 4 Final Tenders Award Evaluation Criteria	Quality

Weighting description

Each stage will be scored from 100%, please refer to the ITT documents for the breakdown of the weighted scoring for each section. Please note some questions will be a straight pass or fail.

Other information

Description of risks to contract performance

It is not known how long the full term of the contract will be. The length of the co-design process to develop the bulk deferred annuity (Part A of the contract) and when the first transaction for a bulk deferred annuity will begin will be subject to discussions with the insurer, and the length of time to fulfil the exclusivity period will depend on member behaviour and asset flows (Part 2 of the contract).

The co-design process or policy/legislative change may also uncover additional requirements that could require a scope change.

If these risks crystallize:

- the contract may need to be extended beyond the original duration of 12 years plus the 2 year extension period.
- the scope of requirements may need to change to include areas uncovered as part of co-design and/or policy/legislative change.
- we do not know what the potential value to the supplier of the contract will be

Applicable trade agreements

- Government Procurement Agreement (GPA)

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

Nest is conducting the procurement in accordance with the Procurement Act 2023 under the Competitive Flexible Procedure comprising a Participation Stage followed by the issue of an Invitation to Tender to shortlisted bidders. This will be followed by a dialogue stage, then an Invitation to Submit Final Tenders. At each stage Nest can reduce the number of bidders if required. Once the preferred bidder has been selected, Nest will enter into contract negotiations with the preferred bidder and upon completion will award the contract. The stages are listed below, please refer to the tender documentation for details of the indicative dates for each stage.

Stage 1: Participation Stage

Stage 2: Initial Tenders

Stage 3: Dialogue

Stage 4: Final Tenders

Stage 5: Contract Negotiations

Stage 6: Contract Award

Documents

Documents to be provided after the tender notice

All documentation will be provided at the Invitation to Participate Stage. The ITP will be updated to an ITT following completion of the Invitation to Participate Stage and could be updated at the end of each stage if required. Any updated ITT's will be issued via the Bravo Portal.
