II.1.4) Short description

XPLOR is constructing a £7 million research and innovation centre which will be used to deliver a support programme for small businesses across West Yorkshire and beyond covering specialisms such as music, TV, film, sports, corporate events, theatre and arts.

XPLOR project is financially supported by the European Regional Development Fund (ERDF) and the Department for Digital, Culture, Media and Sport (DCMS).

The new research and innovation centre will be open from March 2022. We require a LED Panel screen which we will use in a live performance, research and development environment. Primarily in a XR context and regularly 'in-camera'.

Our ambition is to deliver cinema and broadcast quality 'in-camera' content, in a similar style to "The Mandalorian". A high resolution, flicker free, wide viewing angle screen is essential.
