II.1.2) Main CPV code

- 48000000 - Software package and information systems

II.1.3) Type of contract

Supplies

II.1.4) Short description

The British Council is seeking to understand capabilities within the market for delivery of a new cloud based Planning and Analysis Tool, which is expected to be the enabler for the FPA Target Operating Model (TOM) and redesigned FPA processes. The aim is to provide better and deeper access to information, and greater efficiency in FPA processes through workflow, automation and automatic consolidation. The tool will be used for planning, budgeting, forecasting, analysis and reporting. Please sign and return the NDA to receive the document set.
