Section VI. Complementary information

VI.3) Additional information

Post Office is looking to engage with potential suppliers around its managed print services for its colleague estate, this is made up of approximately 350 devices in locations across the UK.

N.B. this does not include its retail / Branch printers for labels, stamps etc.

Our current estate is made up of Ricoh devices and our support contract ends in late summer 2023.

Post Office is interested in moving to a Cloud Print management environment and suppliers views on this will be sought during the pre-market engagement.

The Post Office Limited (POL) intends to conduct a virtual Pre-Market Tender Engagement in late June and wishes to invite potential suppliers to participate.

For Suppliers who wish to participate and attend the Pre-Market Tender Engagement should ensure they are registered in advance which can be done, at no cost, using the following link: <https://postoffice.wax-live.com/S2C/> .

This prior information notice (PIN) is to alert potential suppliers to the Pre-Market Tender Engagement and to the future opportunity.

It is anticipated that the contract notice along with the ITT will be published in the autumn of 2022, in response to which potential suppliers can express interest and submit initial tenders.

This PIN does not constitute a call for competition to procure any services, supplies or works mentioned in this PIN and POL will not accept any proposals offered in response to this PIN.
