II.1.4) Short description

Crown Commercial Service intends to put in place an agreement for the provision of Debt Resolution Services for use by all UK public sector bodies.

Debt Resolution Services (DRS) is a Multi-Lot Framework Agreement available for use by UK public sector bodies and future successor organisations which includes Central Government Departments and their arm's length bodies and agencies, the wider public sector and third sector including, but not limited to, local government, health, education, police, fire and rescue, housing associations and charities.

This Framework Agreement will replace the Debt Management Integrator RM6180 Framework which has now expired and the Debt Management Services RM6208 framework which will expire on 03/06/2022. It will be for delivery primarily within the United Kingdom, with some limited requirements overseas.

The key core services will include:

- debt prevention services,
- managed debt collection services (managing multiple collection agencies),
- debt collection agency services (including International Collections),
- enforcement/warrant recovery services,

- debt analytics (including open-banking and complimentary data and analytics),
- data aggregation and analysis services,
- debt analytics/solutions software and integration,
- spend recovery analysis,
- debt business process outsourcing,
- fraud and error prevention and analysis,
- debt advice and guidance services.

Further details can be found in Framework Agreement Schedule 1.

II.2.4) Description of the procurement

The provision of Managed Collection Services. Suppliers are required to provide a managed service of DCA Subcontractors to ensure all aspects of the Service Specification are delivered securely and to time and quality requirements, as well as in line with the Standards specified in the Framework Contract. Supplier's receiving all cases from Buyers will distribute them to DCA Subcontractors. Suppliers shall provide a case management system and will add value to debt collection services through the effective use of data and analytics, and maintaining effective supplier, contract, and relationship management. Suppliers will deliver all the mandatory requirements as detailed in Framework Schedule 1 Specification.

CCS will award a Framework Contract to two (2) suppliers.

This competition will result in the award of this Lot 1 Framework Contract by CCS, and a Lot 1 Call-Off Contract by HMRC as detailed in the ITT documents.

HMRC seeks to award its Call-Off Contract for Lot 1 (Managed Collection Services) to the highest ranking supplier awarded a Framework Contract for Lot 1 (Managed Collection Services).

The award of HMRC's Lot 1 Call-Off Contract cannot be made unless and until the Lot 1 Framework Contract has been executed and the Conditions Precedent, set out in the Framework Contract and HMRC's Call-Off Contract, have been complied with by the Supplier.

All Lot 1 Bidders will acknowledge and accept that in submitting a tender for CCS' Lot 1 Framework Contract and HMRC's Lot 1 Call-Off Contract, that CCS must first award and execute the Framework Contracts before HMRC's Call-Off Contract

HMRC's Lot 1 Call-Off Contract may be awarded and executed, under and in accordance with Framework Schedule 7 (Call-Off Award Procedure). All Lot 1 Bidders therefore agree that their tenders for HMRC's Lot 1 Call-Off Contract shall remain open for acceptance by HMRC until 90 days after the execution of the Lot 1 Framework Contracts by CCS and the Supplier.

On 2.4.2014 Government introduced its Government Security Classifications (GSC) scheme which replaced Government Protective Marking Scheme (GPMS). A key aspect is the reduction in the number of security classifications used. All bidders should make themselves aware of the changes as it may impact this requirement. This link provides information on the GSC at:

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling personal information or provide certain ICT products/services. Government is taking steps to reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls which, when implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet. To participate in this procurement, bidders must be able to demonstrate they comply with the technical requirements prescribed by Cyber Essentials, for services under and in connection with this procurement.

Some purchases under this Framework Agreement may have requirements that can be met under this Framework Agreement but the purchase of which may be exempt from the Procurement Regulations (as defined in

Attachment 1 – About the framework within the invitation to tender documentation). In such cases, Call-offs from this Framework will be unregulated purchases for the purposes of the Procurement Regulations, and the buyers may, at their discretion, modify the terms of the Framework and any Call-off Contracts to reflect that buyer's specific needs.

Registering for access:

This procurement will be managed electronically via the eSourcing suite. This will be the route for sharing all information and communicating with bidders. If you have recently registered on the eSourcing suite for another CCS procurement you can use the same account for this new procurement. If not, you will first need to register your organisation on the portal.

Use the following link for information on how register and use the eSourcing tool:
