### **Scope**

### **Description**

The purpose of the project is to research and explore the implementation of mobile water treatment within our operations. We are particularly interested in implementing a fleet of Mobile GAC Contactors which we could use at various sites to combat taste and odour issues caused by Geosmin and 2-MIB. We are looking to use this technology in multiple locations with flows approximately from 1-10ML/D, generally aiming to achieve Geosmin reduction from circa 20 mg/L to
