- 45000000 - Construction work

II.2.3) Place of performance

NUTS codes

- UKJ - South East (England)

Main site or place of performance

The Leys, Witney, Oxfordshire, OX28 4DH

II.2.4) Description of the procurement

Witney is a market town founded on the banks of the River Windrush, situated on the edge of The Oxfordshire Cotswolds. It's the largest town in the district of West Oxfordshire and has a population of roughly 35, 000 and 13, 500 houses. The population of Witney and the surrounding area is expected to grow from 35,100 to 40,100 (+14%). Witney established itself as an important wool town and still has a healthy business community with a thriving high street and shopping centres with a great mix of quality independent traders and High Street names. Free parking and the town's unique blend of history, culture and shopping make it a very popular destination for visitors.

The Leys Park is host to a large play area, splash park, crazy golf course, tennis courts, bowls club, café, sports pitches, and the existing skate park which was constructed in 2003. A new development led by an external stakeholder (Courtside CIC) is coming on stream in 2023/24, to include paddle board and other complementary facilities.

You are invited to tender on a contract to work in partnership with Witney Town Council for the Consultation, Design and Construction of a replacement wheeled sports park in Witney.

Local consultation has identified that there is a need for a replacement wheeled sports facility at The Leys recreation ground. The existing park is almost 20 years old and looks out of place with the other facilities offered.

The Council has set aside funds towards a new wheeled sports area that will be designed in consultation with the successful Applicant of this Tender, which will be asked to consult with local young people. Access to the site will be via a removable barrier on Station Lane, Witney. The successful contractor will be expected to use appropriate ground protection and banksmen to access the park.

The outcome of this Tender will be to identify and select a single Contractor to take the project forward from consultation to a final design and a completed installed freeform concrete wheeled sports park. Prime objectives include: -

- Replace, update, improve and diversify the current wheeled sports provision
- Create a safe, inviting space for a wider age and ability range - the Council is particularly

interested in increasing usage by girls and encouraging inclusiveness

- Increase use of facility including people with disabilities
- Reduce obesity, improve health and well being
- Reducing Anti-Social Behaviour
- Create an aesthetically pleasing design that is unique to the park
- Offer a range of activities to complement and enhance skating and riding
- Instil pride in the local community and foster a sense ownership for the park solution based on their experience and expertise.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £150,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 October 2023

End date

31 March 2024

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: Yes
