II.1.1) Title

Structured Network Cabling Framework Agreement

Reference number

CU.999.JP

II.1.2) Main CPV code

- 32421000 - Network cabling

II.1.3) Type of contract

Supplies

II.1.4) Short description

The aim of the procurement process is to establish a framework agreement with one appointed supplier for the provision of copper and fibre optic network Infrastructure cabling, and associated hardware and civils works.

The requirement is for bidders to provide and install network cabling (copper and fibre), any associated civils works, associated passive equipment, the deployment of active network equipment, and is also for the supply of equipment as defined by Cardiff University's Network Cabling Standards

II.1.5) Estimated total value

Value excluding VAT: £750,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 32421000 - Network cabling

II.2.3) Place of performance

NUTS codes

- UKL22 - Cardiff and Vale of Glamorgan

Main site or place of performance

Cardiff University

II.2.4) Description of the procurement

The aim of the procurement process is to establish a framework agreement with one appointed supplier for the provision of copper and fibre optic network Infrastructure cabling, and associated hardware and civils works.

The requirement is for bidders to provide and install network cabling (copper and fibre), any associated civils works, associated passive equipment, the deployment of active network equipment, and is also for the supply of equipment as defined by Cardiff University's Network Cabling Standards

The supply of cabling & equipment for the installation and associated surveys to support the expansion and day to day operation of the Data Network Infrastructure.

The installation and patching of active equipment such as network switches / wireless access points / VoIP handsets

The physical patching of horizontal and backbone cabling into active network equipment and installing interconnect links between passive and active network cabinets as requested.

The supply of cabling & equipment for the installation, civil works and associated configuration to support the expansion and day to day operation of the Backbone Network Infrastructure.

Project Management and services required to deploy and support the deployment/expansion of Fibre Optic cabling across the University's Campus including fibre provisioning.

Fibre installation can be single mode or multimode fibre and includes inter building

deployment and intra building deployment across the University estate. Both traditional and Blown Fibre solutions installations would be required depending on project requirements.

Civil works necessary to support inter building fibre deployments – including the negotiation and provision of any necessary civil works permits/street works licenses

Account management for the duration of the project.

Suppliers must provide documentation updates. These include test results, work logs, project reports, and onsite update of the AutoCAD documentation held by the University.

Supply and installation of network cabinets, frames, or racks.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £750,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

24

This contract is subject to renewal

Yes

Description of renewals

2 x 12 month extension options available.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No
