II.1.4) Short description

Crown Commercial Service (CCS) as the Contracting Authority intends to put in place a Pan Government Collaborative Agreement for the provision of Construction Works to be utilised by eligible Central Government Departments and all other UK Public Sector Bodies, including Local Authorities, Health, Police, Fire and Rescue, Education and Devolved Administrations. It is intended that this commercial agreement will be the recommended vehicle for all Construction Works projects required by UK Central Government Departments.

ProCure23 (P23) will be the fourth generation of the ProCure framework and will continue the provision of design and construction services to NHS capital projects other than in respect of the New Hospital Programme (see below).

In its 19 year history this mature and award winning framework has successfully delivered more than 1200 projects across England, with a cumulative spend of £9.7bn, and ProCure23 will build this heritage into a third decade.

Section VI. Complementary information

VI.3) Additional information

This procurement covers health sector requirements in England (Lots 1-3); airfield related works in the UK (Lot 4) and general construction works exceeding £80M in the UK (Lot 5).

The framework is not intended to provide the main sourcing routes for new hospitals within the New Hospital Programme (NHP), although NHP does reserve the right to use it. Separate procurements and frameworks specifically for NHP are intended for the building of new hospitals covered by NHP.

Building on past iterations of the framework, P23 brings the latest best practice in construction methods to the NHS and focuses on delivering greener facilities, reducing carbon emissions and promoting social value.

P23 includes 3 England-wide, value based lots (1)
