VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The extension is being sought in accordance with Regulation 72(1)(f) of the Public Contracts (Scotland) Regulations 2015 which states:

Contracts and framework agreements may be modified without a new procurement procedure in accordance with this Part in any of the following cases:—

(f) where paragraph (5) applies

In terms of the specific conditions set by regulation 72 (1) (f) the following applies.

(5) This paragraph applies where the value of the modification is below both of the following values—

(a) the relevant threshold mentioned in regulation 5 (thresholds); and

(b) 10 % of the initial contract value for service and supply contracts or frameworks and 15% of the initial contract value for works contracts or frameworks,

provided that the modification does not alter the overall nature of the contract or framework agreement.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £56,000,000

Total contract value after the modifications

Value excluding VAT: £56,000,000
