I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Network Services 3 Lot 1c & Lot 1d

Reference number

RM6116

II.1.2) Main CPV code

- 75000000 - Administration, defence and social security services

II.1.3) Type of contract

Services

II.1.4) Short description

Crown Commercial Service, as the Authority, has put in place an agreement for the provision of Network Services 3 for use by Central Government and UK public sector

bodies. This will be the replacement agreement for RM3808 Network Services 2 and will support the hiring needs of UK central government departments including arms-length bodies (ALBs) and all other public sector bodies across the wider public sector.

The following Services are available under 2 Lots:

Tactical Radio systems

Critical Domain services

CCS intends to award the following services in different Lots under this Framework Agreement at a later date;

Inter site Connectivity (Wide Area Network) / Data Access Services

Commercial Radio capabilities

Intra site Connectivity (Local Area Network) / Local Connectivity Services

IoT and Smart Cities

Communication Platform as a Service

Analogue Telephony

Digital Communication Services (Unified Communications)

Contact Centre Solutions

Inbound Telephony Services

Paging & Alerting

The scope includes: Services that provide a main functionality of the Lot; associated technology, equipment and solutions and optional goods and services that enhance, supplement or support the delivery of the Services; and services delivered over the public internet, private networks, the PSN and /or the HSCN. See Bid Pack

This Framework agreement will provide buyers across the whole of the UK with access to networks and telecommunications services. This includes core network infrastructure and cloud-based services, unified communication & contact centre solutions, radio & satellite networking, IoT & Smart Cities solutions and critical domain management services, across the range of Lots.

- 4) Transparency Agenda

On 02/04/2014, Government introduced its Government Security Classifications (GSC) scheme which replaced Government Protective Marking Scheme (GPMS). A key aspect is the reduction in the number of security classifications used. All bidders were required to make themselves aware of the changes as it may impact this requirement. This link provides information on the GSC at:

<https://www.gov.uk/government/publications/government-security-classifications>

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling personal information or provide certain ICT products/services. Government is taking steps to reduce the levels of

cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls which, when implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet. To participate in this procurement, bidders were required to demonstrate they comply with the technical requirements prescribed by Cyber Essentials, for services under and in connection with this procurement.

Please note the remaining Lots: 1a, 1b, 2a, 3a, 3b, 4a, 4b, 4c, 4d, 4e are due to be awarded at the later date of the 18/07/2023.
