Country

United Kingdom

NUTS code

- UKN - Northern Ireland

Internet address

<https://irwinm-e.com/>

The contractor/concessionaire is an SME

Yes

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

An extension to 31 May 2023 with the further option for EANI, in its absolute discretion, to extend for four months to 30 September 2023.

The total value of the extension is £4,000,000 GBP.

Further information in VII.2.2 below.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Regulation 72(1)(c) permits this extension due to unforeseen circumstances which a diligent contracting authority could not have foreseen, the overall nature of the contract is not altered and Modification value is GBP 4 000 000 which does not exceed 50 % of the original contract value. This contingency includes sums to permit work in other Lots (as per the contract and Regulation 72 (1) (a)). To secure continuity, Task Orders issued on/after 1 July 2021 as as per VEAT (2021/S 105-278043) are adjusted for inflation, calculated with the BCIS Measured Term Contract Updating Percentages. Inflation from mid-point of original contract to 31 March 2021 is: PSA SOR ELEC11 Rate A, Rate B/D/E, Rate C 4.7 pct, 8.4 pct and 6.0 pct respectively, applies to Sections 1, 2, 3, 4, 5 and 6 of Price List; Rate B/D/E applies to Sections 3, 5 and 6; PSA SOR BCE15 5.5 pct applies to Section 7 Item OT020. Inflation after 1 April 2021 is changed in BCIS MTC Updating Percentages from 31 March 2021 indices based on TO issue date/latest published index. For travel expenses for

Response Task Orders issued outside of the Lot received on or after 1 June 2022, an additional amount for travel has been included. It is the EA's intention, upon receipt of the compelling evidence, to consider the review of certain prices in the price lists for specific elements of which the impact of inflation is higher than what could have reasonably and diligently anticipated. This includes: Aluminium window systems and associated items comprising glazing, flashings and insulated panels, Aluminium curtain walling and associated items comprising glazing, flashings and insulated panels, Aluminium doors and associated items comprising sidelights and fanlights, Coated macadam roads and pavings and associated items comprising regulating courses, Asphalt roads and pavings and associated items comprising chippings, Proprietary coloured safety sports surfacings (wet-pour) and associated items comprising logos, patterns, graphics. Metal fencing comprising chain link, anti-intruder chain link, steel palisade security, roll-top, rigid mesh panel, steel ball-stop and rotating barrier, and associated items comprising straining posts and single and double gates (excluding work to old fencing) copper cabling comprising HV/LV cables, standard power cables 600/1000V, armoured and armoured: fire resistant, sizes exceeding 500mm² one core, 185mm² two core, 120mm² three core and 95mm² four core (Rate A only) Copper cabling comprising HV/LV cables: standard power cables 1900/3300V, armoured, sizes exceeding 150mm² one core and 120mm² two core (Rate A only).

Regulation 72(1)(b) further permits this extension as a change of provider:

(i) cannot be made for economic and technical reasons as requirements of interchangeability or interoperability of services procured under the original procurement and given the need to ensure continued access to EANI schools and facilities and could result in partial/total

closure of schools; and

(ii) will cause significant inconvenience and duplication of costs.

EANI envisages new contract award by 30/09/23.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £27,265,000

Total contract value after the modifications

Value excluding VAT: £31,265,000
