Internet address

<http://greystonejc.com/wp/>

The contractor/concessionaire is an SME

Yes

## **VII.2) Information about modifications**

### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

An extension to 31 May 2023 with the further option for EANI, in its absolute discretion, to extend for four months to 30 September 2023.

The total value of the extension is 6,000,000 GBP.

Further information in VII.2.2 below.

### **VII.2.2) Reasons for modification**

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Regulation 72(1)(c) permits this extension due to unforeseen circumstances which a diligent

contracting authority could not have foreseen, the overall nature of the contract is not

altered and Modification value is GBP 6 000 000 which does not exceed 50 % of the original

contract value. This contingency includes sums to permit work in other Lots (as per the contract and Regulation 72 (1) (a)). To secure continuity, Task Orders issued on/after 1 July

2021 as per VEAT (2021/S 105-278047) are adjusted for inflation, calculated with the BCIS

Measured Term Contract Updating Percentages. Inflation from mid-point of original contract

to 31 March 2021 is: PSA SOR BCE09 12.6 pct applies to Sections 1, 2, 4, 5 and 6 of Price

List; PSA SOR DEC12 11.9 pct applies to Section 7 Item OT070. Inflation after 1 April 2021 is

changed in BCIS MTC Updating Percentages from 31 March 2021 indices, based on TO issue

date/latest published index. For travel expenses for Response Task Orders issued outside of

the Lot received on or after 1 June 2022, an additional amount for travel has been

included. It

is the EA's intention, upon receipt of the compelling evidence, to consider the review of certain prices in the price lists for specific elements of which the impact of inflation is higher

than what could have reasonably and diligently anticipated. This includes: Aluminium window

systems and associated items comprising glazing, flashings and insulated panels, Aluminium

curtain walling and associated items comprising glazing, flashings and insulated panels,

Aluminium doors and associated items comprising sidelights and fanlights, Coated macadam

roads and pavings and associated items comprising regulating courses, Asphalt roads and

pavings and associated items comprising chippings, Proprietary coloured safety sports surfacings (wet-pour) and associated items comprising logos, patterns, graphics. Metal

fencing comprising chain link, anti-intruder chain link, steel palisade security, roll-top, rigid mesh panel, steel ball-stop and rotating barrier, and associated items comprising straining

posts and single and double gates (excluding work to old fencing) copper cabling comprising

HV/LV cables, standard power cables 600/1000V, armoured and armoured: fire resistant,

sizes exceeding 500mm<sup>2</sup> one core, 185mm<sup>2</sup> two core, 120mm<sup>2</sup> three core and 95mm<sup>2</sup> four

core (Rate A only) Copper cabling comprising HV/LV cables: standard power cables

1900/3300V, armoured, sizes exceeding 150mm<sup>2</sup> one core and 120mm<sup>2</sup> two core (Rate A only)

Regulation 72(1)(b) further permits this extension as a change of provider:

(i) cannot be made for economic and technical reasons as requirements of interchangeability

or interoperability of services procured under the original procurement and given the need to

ensure continued access to EANI schools and facilities and could result in partial/total closure of schools; and

(ii) will cause significant inconvenience and duplication of costs.

EANI envisages new contract award by 30/09/23.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £16,000,000

Total contract value after the modifications

Value excluding VAT: £22,000,000
