## Section II: Object

### II.1) Scope of the procurement

#### II.1.1) Title

Nautilus Marine Survey

#### II.1.2) Main CPV code

- 71354500 - Marine survey services

#### II.1.3) Type of contract

Services

#### II.1.4) Short description

National Grid Interconnector Holdings Ltd and Elia Asset SA are currently developing proposals for a High Voltage Direct Current (HVDC) interconnector "Nautilus" between England and Belgium in support of ongoing programs for strengthening both the UK and Belgian Transmission Networks. The development process has identified the need for a HVDC Interconnector installation over a cumulative distance of approximately 200km. Survey requirements are thus arisen to establish suitability of a preferred route alignment. To register your interest in this procurement event and to obtain the pre-qualification documentation applicants are to email [philippa.henfield@nationalgrid.com](mailto:philippa.henfield@nationalgrid.com) using the wording 'Registering Interest for Nautilus Marine Seabed Survey' and include in the body of the message (if you have them) your Ariba AN numbers (Network ID), name, email address and contact phone number for all contacts within your organisation who will need to receive Ariba messages and administer your online submissions. Following receipt of this information National Grid will invite you to the Ariba event where all of the pre-qualification documentation is contained including further instructions.
