I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

Housing and community amenities

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Ground Investigation Works - Grain Branch Line for Passenger Services

Reference number

DN558567

II.1.2) Main CPV code

- 45111250 - Ground investigation work

II.1.3) Type of contract

Works

II.1.4) Short description

Tender for the undertaking of a geotechnical investigation for the ground conditions relevant to the re-installing of a passenger service on the railway line between Hoo Junction and Grain, also known as the Grain Branch Line. It is proposed that at specific locations the existing single-track line will be made into double track to create passing points. Furthermore, it is possible that an elevated section of track, Higham Curve, will be required where the Grain Branch Line curves to connect with Higham Station. The investigation has been designed to determine the nature of the existing embankment material and to develop a ground model with associated geotechnical design parameters for the underlying strata. Some nominal contamination assessment is also undertaken.

II.1.5) Estimated total value

Value excluding VAT: £200,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKJ41 - Medway

II.2.4) Description of the procurement

Tender for the undertaking of a geotechnical investigation for the ground conditions relevant to the re-installing of a passenger service on the railway line between Hoo Junction and Grain, also known as the Grain Branch Line. It is proposed that at specific locations the existing single-track line will be made into double track to create passing points. Furthermore, it is possible that an elevated section of track, Higham Curve, will be required where the Grain Branch Line curves to connect with Higham Station. The investigation has been designed to determine the nature of the existing embankment material and to develop a ground model with associated geotechnical design parameters for the underlying strata. Some nominal contamination assessment is also undertaken.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £200,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

6

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 7

Objective criteria for choosing the limited number of candidates:

Specialised work, with specific licences required by Network Rail.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Restricted procedure
