II.2.4) Description of the procurement

The council requires to appoint one supplier to provide preventative planned maintenance and repair services for heavy vehicles for an ageing fleet.

The vehicle range will include but not limited to: refuse collection vehicles, articulated tractor units, ejection trailers, multi-lifts (hook lifts/ skip loaders) and gritters.

The council's vehicles are mainly diesel operated but the council is moving towards alternative fuels such as electric and hydrogen.

The repair element will include but not limited to: body repairs, vehicle spraying and refurbishment work.

To achieve the highest level of availability and reduce excess mileage and downtime, the council would require vehicles to be maintained at a location close vicinity of Glasgow City Boundary (actual maximum mileage round trip will be determined at tender stage)

The start date of this procurement shall be 1st April 2022

The council will appoint one provider for all services.

List of proposed vehicles is available within the Appendix A
