II.1.4) Short description

VOICE was established by Newcastle University to capture the vast experience and mental capital of the public. The digital platform was launched in Autumn 2016, and has revolutionised the ways in which members of the public can contribute their experience, ideas, insights and vision to benefit research and innovation, especially around ageing and demographic change.

The team are currently re-developing the VOICE digital infrastructure with a launch date for the new platform scheduled for September 2022. To ensure an impactful launch, we would like to commission a suite of promotional video content, aimed at a public audience, showcasing the work of VOICE and VOICE members.

We're keen to promote the impact our members have had on the many research and innovation projects managed through VOICE, as well as promoting the breadth of activity types members can get involved in. To do this effectively we have identified a number of case studies which would be great subjects for professional and promotional case study videos. Outputs for each case study should include;

- o A 1-2 minute promotional video

- o A series of shorter 'taster' videos for use on social media (Facebook, Twitter & Instagram)

- o Re-designed, standardised, intro & outro titles and design elements throughout.

Submissions should be based on the 7 case studies and 4 thematic films.
