Description

North East Lincolnshire would like to invite your organisation to take part in a collaborative workshop focused on shaping the future of Housing Related Support (HRS) in the borough. This workshop forms part of the second Preliminary Market Engagement event being undertaken by the Authority.. HRS is a short-term support service currently available to local residents, designed to help individuals develop the skills needed to manage their homes effectively, with the long-term aim of reducing reliance on homelessness services. However, we recognise that the current offer may no longer fully reflect the needs of our community. To ensure any future commissioning is informed by local insight and experience, we are bringing together housing and support providers from across North East Lincolnshire to explore what a refreshed HRS offer could look like.
