This is an appointment of a Learning and Evaluation (L&E) partner for the UK Market

Accelerator for Green Construction (MAGC) programme. The L&E partner will be required to deliver an interim and final evaluation of the programme. The role of the appointed evaluation partner MAGC is a substantial investment of International Climate Finance budget in green buildings by BEIS. As such monitoring and evaluation is key to giving assurance that the programme is having the intended benefits and providing good value for money for the UK taxpayer, whilst maximising the learning and transformation potential and informing future strategic decisions.

The aim of the independent evaluation is to gather information on programme performance and lessons learned on MAGC in order to: - improve the ongoing delivery of results effectively (interim evaluation) - inform strategy and governance (interim evaluation) - learn for future similar programmes, e.g. green construction, mixed blended finance and technical advisory (interim and final evaluation). - assess the value for money of the approach (interim) and overall value for money (final).

Key themes to feature in the evaluation - progress against the theory of change. - how the programme has been managed - the design of MAGC and its effect on the programme objectives - value for money following the 4E approach considering: Economy, Efficiency, Effectiveness, and Equity.
