## Award criteria

Name	Description	Type
Weighted Value for Money	Tenders will be assessed using the weighted value for money formula. All scores will receive a technical score, out of 100. This technical score shall be raised to the power of forty over sixty. This value shall then be divided by the total price of the tender (to produce the weighted value for money score). This value shall then be multiplied by 1,000,000 (in order to give a readable score). Full details and examples are provided in the ITT documents.	Quality

## Procedure

### Procedure type

Open procedure

### Special regime

Defence and security

### Justification for not publishing a preliminary market engagement notice

The market is already well known and the requirement is not complex or novel. Therefore, any value produced by early market engagement would have been minimal.
