## Project Intelligence Solution

SCOTTISH HYDRO ELECTRIC TRANSMISSION PLC

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-017506

Procurement identifier (OCID): ocds-h6vhtk-0508db

Published 29 April 2025, 10:24am

## Scope

### Description

Scottish Hydro Electric Transmission Plc. (the "SHET"), seeks a market leading supplier of project intelligence solutions. The solution provided should analyse proposed project programmes and be capable of:

Assessment of project programme for schedule integrity and likelihood of successful delivery within proposed timelines

Identifying activities, dependencies, critical path, milestones and risks

Test mitigation plans and time savings that could be realised

Monitoring progress vs plan and highlight risks to the schedule

Account for scheduling changes and project revised milestone/completion dates, and reassess risks

Provide a reporting suite for visibility and to inform decision making

Support supply chain partners, in addition SHET employees to optimise projects

Perform analysis and provide intelligent metrics at project and portfolio levels

The proposed solution should meet the following:

Commercial Off The Shelf (COTS)

Easy to use interface for primary users

Data storage (both production and recovery systems) geofenced to the UK/EU

The supplier should provide timely high quality project delivery services and excellent post implementation customer support options

Be capable of delivery to NEC4 standards
