Section VII: Modifications to the contract/concession

VII.1) Description of the procurement after the modifications

VII.1.1) Main CPV code

- 80000000 - Education and training services

VII.1.3) Place of performance

NUTS code

- UK - United Kingdom

VII.1.4) Description of the procurement:

Dynamics 365 delivery capability from Discovery to live Beta. With flexibility on delivery options to allow the delivery route to be chosen, either embedded within an internal delivery team or providing the full delivery capability. The requirement is open to both inside and outside IR35 suppliers.

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

13 April 2022

End date

12 April 2023

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession:

£1,200,000

VII.1.7) Name and address of the contractor/concessionaire

Fujitsu Services Ltd

Belfast

Email

Commercial.DDAT@education.gov.uk

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Increase of value by up to 25%, scope has remained the same. Increase in call-off length by up to 100% (12 month increase).

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Following a technical review of the Turing Scheme - a post-Brexit programme to replace Erasmus - CRM services were identified as being necessary for this key service. In order to ensure delivery of the CRM service requirements for that programme, this contract was identified as a suitable commercial vehicle to utilise so that the services could be delivered to the timelines identified. A change in contractor would cause significant inconvenience through getting them fully up-to-speed with the complexities of the delivery environment and project to date, alongside Departmental standards and ways of working. This would add time and complexity to a tight delivery schedule, and there would be associated costs incurred through the duplication of certain elements of delivery between the incumbent and a new supplier. This combination of activities would add to delivery risks of having Turing phase 4 completed by the deadline.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £1,200,000

Total contract value after the modifications

Value excluding VAT: £1,500,000
