---

## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Police CyberAlarm

#### **II.1.2) Main CPV code**

- 72212730 - Security software development services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

The City invites Bidders to complete and submit a request to participate in the Procurement for the provision of Police CyberAlarm.

The Police CyberAlarm solution seeks to:

- Provide a free-to-use tool to member organisations provided by policing and is a positive action that improves public perception of law enforcement in cybercrime.
- Facilitate secure data sharing between member organisations and law enforcement, improving collective understanding of UK cyber threats and contributing to national intelligence efforts against cybercrime.
- Enhance cyber insights by providing enriched data and detailed insights to identify, investigate, and respond to cybercriminal activity, while monitoring current and emerging threats.
- Deliver actionable insights through regular reports and alerts to member organisations and law enforcement, supporting decision-making and improving cyber resilience and behaviour.
- Supplement existing cybersecurity measures by acting as a complementary tool to enhance existing protections, tools, and services.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

## **II.2) Description**

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

### **II.2.4) Description of the procurement**

The City invites Bidders to complete and submit a request to participate in the Procurement for the provision of Police CyberAlarm.

The Police CyberAlarm solution seeks to:

- Provide a free-to-use tool to member organisations provided by policing and is a positive action that improves public perception of law enforcement in cybercrime.
- Facilitate secure data sharing between member organisations and law enforcement, improving collective understanding of UK cyber threats and contributing to national intelligence efforts against cybercrime.
- Enhance cyber insights by providing enriched data and detailed insights to identify, investigate, and respond to cybercriminal activity, while monitoring current and emerging threats.
- Deliver actionable insights through regular reports and alerts to member organisations and law enforcement, supporting decision-making and improving cyber resilience and behaviour.
- Supplement existing cybersecurity measures by acting as a complementary tool to enhance existing protections, tools, and services.
