Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

UKHSA_Scientific- Provision of Medical Wire MWE liquid swabs for Kiestra automation

II.1.2) Main CPV code

- 38912000 - Automated swab test kits

II.1.3) Type of contract

Supplies

II.1.4) Short description

UK Health Security Agency (UKHSA) is planning to award a contract via 2020/S 217-533940: UKHSA National Microbiology Framework Lot 1- Diagnostics to Medical Wire & Equipment CO. (Bath) Limited for the provision of liquid swabs for Kiestra automation for use in its Bristol Microbiology Laboratories. The consumables covered by this contract will include dry swabs, wood stick swabs, Transwab products (including swabs and mediums), VCM sigma swabs and Virocult swabs.

II.1.5) Estimated total value

Value excluding VAT: £400,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKK1 - Gloucestershire, Wiltshire and Bristol/Bath area

II.2.4) Description of the procurement

UK Health Security Agency (UKHSA) is planning to award a contract via 2020/S 217-533940: UKHSA National Microbiology Framework Lot 1- Diagnostics to Medical Wire & Equipment CO. (Bath) Limited for the provision of liquid swabs for Kiestra automation for use in its Bristol Microbiology Laboratories. The consumables covered by this contract will include dry swabs, wood stick swabs, Transwab products (including swabs and mediums), VCM sigma swabs and Virocult swabs.

The swabs are integral for use our 'BD Kiestra' automation system, which is used for the processing of wound, STI and MRSA screening samples and subsequent identification of bacterial pathogens. Approximately 2000 swab samples are processed on the Kiestra system each day.

UKHSA believes that Medical Wire & Equipment CO. (Bath) Limited is the only supplier capable of providing the consumables we require for our critical screening services. Validation of the consumables took approximately 9 months to complete. During this time, extensive work was undertaken by BD engineers as part of the validation to ensure that the swabs were compatible with the complex automated parts of the Kiestra system, and MWE also modified the swab container lids to create a bespoke product that ensures perfect compatibility with the Kiestra robotics. The Kiestra system and MWE swabs are now perfectly configured to work in synergy without the risk of, for example, jamming swabs or dropping lids, which ensures an efficient and constant flow of samples through the laboratory.

If you have a solution which you believe could meet our requirements, please send a copy of your quote and information about the consumables you can provide to science.cph@ukhsa.gov.uk by no later than 12pm on 5th July 2023.

II.2.5) Award criteria

Price

II.2.6) Estimated value

Value excluding VAT: £400,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 August 2023

End date

31 July 2026

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
