Description

This Pre-Market Engagement Exercise is being run to support the procurement and development of the Exposure Management Solution.

NHS England (NHSE) held a well-attended market engagement session on 26th November 2025, to support procurement planning for an Exposure Management Solution. After completing a series of initial workshops on our high-level requirements, we would now like to invite interested suppliers to submit voluntary proposals for consideration by our project team. These proposals will not be formally scored, and submission is not a pre-requisite for a future tender submission. However, they will help shape our discovery and subsequent final requirements and procurement approach.

Contract dates (estimated)

- 1 February 2027 to 31 January 2029
- Possible extension to 31 January 2030
- 3 years

Main procurement category

Goods

Additional procurement category

Services

CPV classifications

- 48000000 - Software package and information systems
- 72000000 - IT services: consulting, software development, Internet and support
