Main site or place of performance

Belfast, Northern Ireland

II.2.4) Description of the procurement

In accordance with the University's Net Zero Plan (approved by Senate in June 2023), Queen's requires the services of a Sustainable Procurement Consultant to assist us with our ambition to achieve net zero greenhouse gas emissions by 2040. The goal is to reduce emissions and improve carbon reporting within purchased goods and services (Scope 3 emissions). The Consultant will be responsible for assessing Queen's current sustainable procurement practices and procedures in line with all relevant standards and frameworks, developing a roadmap to reach the highest standards, and assisting the University in embedding sustainable procurement into policies, processes, strategies, and supply chains. The Consultant will be required to support ongoing sustainability programmes in place at Queen's University, such as the Laboratory Efficiency Assessment Framework (LEAF) programme, ensuring the procurement related requirements of bronze, silver and gold status are implemented. Queen's has reserved

the right to engage the Consultant for any other additional services related to sustainability risk that may be required in future.

II.2.5) Award criteria

Quality criterion - Name: Technical / Weighting: 60

Cost criterion - Name: Price / Weighting: 40

<https://www.qub.ac.uk/directorates/FinanceDirectorate/visitors/procurement/>

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

This authority incorporated a standstill period at the point information on the award of the contract was communicated to Tenderers. That notification provided full information on the award decision. The standstill period, which was for a minimum of 10 calendar days, provided time for unsuccessful tenderers to challenge the award decision before the contract was entered into.
