Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted to the above-mentioned address

I.4) Type of the contracting authority

Other type

Charity

I.5) Main activity

Environment

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Seaalter Levels North; marshland development

Reference number

SEAN08 1 0

II.1.2) Main CPV code

45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

Over the course of 2021, this project will undertake engineering works to enhance the infield topography and disconnect the areas from the landscape drainage regime in order to provide habitats for wetland birds. We will create discrete hydrological units across the Seasalter Levels designed to capture rainfall and be supplemented by surface water abstractions, in order to provide the required hydrological conditions for the desired habitat. To do this, groundworks are required to create the water retaining features and, to improve the habitat more generally. Using a cut and fill approach, these works should create a number of new or modified structures during a programme of phased groundworks including the creation of: islands, rills, perimeter lips, low point 'plugs', crossing points/culverts, crossing points /dams, ditch reprofiling and the decommissioning of selected land drains. In addition, we require the supply and installation of a box culvert crossing and some areas to be dressed with hard standing in areas used for livestock management and turning points for vehicles. The winning Tender bid will become Principal Contractor for the Seasalter North unit which includes Alberta and Whitstable Bay Estate (known as 'WBE') areas.

II.1.6) Information about lots

This contract is divided into lots: No.

II.2) Description

II.2.3) Place of performance

NUTS codes

• UKJ - South East (England)

Main site or place of performance

Seasalter levels, Nr Whitstable, Kent CT5 4BS

II.2.4) Description of the procurement

See above

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 September 2021

End date

23 December 2022

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure
