II.1.4) Short description

FCDO is seeking engagement from suppliers on the options for providing aerial intelligence, surveillance and reconnaissance capability to support the Turks & Caicos Islands, a British Overseas Territory. The main objective at this stage is to seek expert feedback in order to shape and develop the final Statement of Requirements prior to launching a formal tender process.

Objectives of the contract are to increase the capability of Royal Turks & Caicos Police Force to detect, deter and intercept irregular migration and provide an additional anti-smuggling, search and rescue and law enforcement platform.

Subject to feedback from suppliers following the market engagement event, the Authority is currently considering solutions based on the following three scenarios:

1. Leasing an aircraft with ISR capability under ACMI (Aircraft, Crew, Maintenance and Insurance) model – supplier provides not just aircraft, but also crew, maintenance package and insurance. Number of days per week and hours of operation are to be determined, but there may be a requirement for the aircraft to be available 24/7/365.
2. Lease of aircraft with ISR capability only – maintenance package options appreciated. Crewing would be RTCIPF responsibility.
3. Outright purchase of ISR capable aircraft, including information on maintenance

support packages. RTCIPF will take on all responsibility for crewing, maintenance, upkeep, etc.
