Main site or place of performance

Hayes Town Centre Estate and Avondale Drive Estate, The London Borough of Hillingdon

II.2.4) Description of the procurement

The Authority is seeking a developer partner to jointly deliver the regeneration of the Hayes Town Centre and Avondale Drive Estates. Positive outcomes to the resident ballots which concluded in May 2021 support the full redevelopment of both estates. This will see the existing 404 homes across the two sites being replaced with new neighbourhoods providing circa 750 homes. This includes re-providing existing homes, as well as developing new affordable and private homes. The London Borough of Hillingdon is currently working up hybrid planning applications for the full redevelopment of both estates.

The Authority is seeking a Partner who is able to jointly meet the requirements of the project in terms of design, planning, demolition, construction and sales over a long period. The Authority has made a commitment to re-provide the existing affordable homes with no loss of affordable floor space and meeting housing need. The Authority's aim is to maximise the amount of affordable housing provided in the redevelopment by using affordable housing grant funding secured through the Building Council Homes for Londoners programme.

The term for the development agreement in respect of the Hayes Town Centre and Avondale Drive Estates will be determined by the development programme and will be the subject of Dialogue sessions. The Authority will also expect the delivery partner to sign up to a strategic partnering agreement which will set out the principles for the delivery of future pipeline projects. The strategic partnering agreement will be for an initial term of ten(10) years, extendable at the Authority's sole option for a period of five (5) years, giving a possible term of fifteen (15) years. Such pipeline projects will be identified and agreed with the selected delivery partner subject to best value considerations, and are likely to include residential new-build, refurbishment and regeneration projects. The final development partnership structure will be developed through the tender process. The Authority will play an active role in delivering the regeneration including obtaining initial planning permissions and securing vacant possession at initial phases of the projects initially. It also expects to have transparency in the delivery of the project to ensure that the best outcomes are achieved for the local community. With this in mind, the current expectation is that a contractual development partnership will provide the Authority with a delivery structure to achieve those objectives. The Authority is open to exploring option around finance payment structures and as such variant bids will be considered. A draft Development Agreement setting this out in more detail will be made available to shortlisted applicants, along with other documentation. The Authority may require its chosen delivery partner to provide a suitable Parent Company Guarantee and/or a performance bond or bank guarantee, in a form that is acceptable to the Council before it enters into the contracts.

Further information and details about the scope of the procurement are set out in the Descriptive Document as part of the procurement documents available at <https://www.mytenders.co.uk>.

VI.3) Additional information

The Public Contracts Regulations 2015 applies to the award. The Council intends to follow a process set out in the procurement documents. Award criteria and further contract documents will be provided at the start of the invitation to tender stage to bidders that are shortlisted to participate. Expressions of interest applications must be by way of completion and return of the selection questionnaire (SQ) (in accordance with the requirements set out in the SQ by the time limit in Section 4.2.2 above). The SQ is available via <https://www.mytenders.co.uk>. Note that not all of the SQ documents have been uploaded but will follow shortly. The Council reserves the right not to award the opportunity or to award only part (or a different arrangement) of the opportunity described in this contract notice.

The estimated total value set out in the Contract Notice is in respect of the development at Hayes Town Centre and Avondale Road Estates only. The pipeline projects to be procured pursuant to the strategic partnering agreement will be in addition to that value and will be valued in the region of 500 million GBP.
