VI.3) Additional information

FRAMEWORK VALUE: The estimated value of the Framework Agreement specified in sections II.1.7 and V.2.4 in this Notice is the value for the overall framework. This value is based on NHG's current anticipated requirements. NHG cannot give any guarantees that works totalling this value will in fact be called off from this framework. Equally, the total value may increase, either if NHG's own requirements increase unexpectedly or if the framework is used by other contracting authorities more extensively than anticipated.

Please note the contractors who have been awarded to the framework are not listed in order of their scoring. As there are multiple contractors, the date in section V.2.1 is the date the first contractor signed the Framework Agreement.
